Hello Families!

Can you believe it is September already? Where does the time go? This year has started off amazingly well; your children are wonderful and so much fun to have! As I walk through each classroom, I see each child having fun and learning so much! As a mom myself, I am always looking for fun ways to incorporate learning into our everyday routine. Here are some fun ideas you can do at home:

1. At the grocery store have your child help you by counting and naming objects. For example, "please count out five apples" or "can you find the cereal in the orange box"
2. Make your own sensory bins by putting beans, rice, corn, into bowls.
3. Help your child learn the letters of their name by identifying letters on household items.
4. Read! Read every day! The more words your child acquires, the more successful they will be. We have the Little Free Library in front of the school if you need any books.

Have fun and enjoy the time as a family! As always, thank you for your continued support of this program and for the investment you are making every day in your child's education! We appreciate you!

Your Director,

Brittany Tarango

PBIS at the Preschool

You may have noticed some new signs around campus. The BESD Preschool is implementing PBIS, to join the other schools in the district. Our goal is to prepare your child for elementary school and this is one more way we can do that. We are teaching your children the same rules and verbiage they will learn when they move into any of our 7 elementary campuses. Please ask your child what the four school rules are! (hint: Be Safe, Be Respectful, Be Responsible, Be Kind)

Upcoming Events

September 4

No School!
